What are the key value elements of the product that are important for the target market?

- We are able to insure any art collectibles and collections and also offer art and contents only policies.
- Our UK based specialist claims team have experience in managing restorations of listed and complex buildings as well as valued collections and personal valuables.
- Buildings valuation at no additional cost (subject to underwriting criteria).
- To help reduce the risk of underinsurance, we have developed a unique Ecclesiastical **Heritage Index**, powered by the Building Cost Information Service (BCIS), which tracks the cost of 61 elements that are specific to buildings of a traditional construction.
- Access to specialist risk management guidance and support.

What client need is met by this product?

This product is structured as a package product with the option to select optional covers (Travel, Business cover, Business liability and Terrorism (by endorsement)).

Clients wishing to take out this policy should purchase either property damage and/or liability cover as a minimum. Other sections and extensions are available as optional covers, which enables the client to build a commercial insurance solution to suit their heritage business or organisation.

The following covers are available:

Buildings:

'All Risks' cover for private homes against damage to buildings or tenant's improvements, including extended replacement cost, temporary accommodation and loss of rent and environmental upgrades.

Contents:

Worldwide cover for damage to the customer's content, including extended replacement costs and contents away from the home for family members in care homes or student accommodation.

There is an optional section of cover for business contents, business money and business interruption if required.

Art, antiques and personal valuables:

Worldwide cover for damage to the customer's art and antiques and personal valuables, including extended replacement cost, new acquisitions and defective title.

Cyber:

Automatic cover for cyber home systems damage, cyber crime and cyber online liability as a result of a cyber event.

Continued

What client need is met by this product?

How is value assessed?

We assess the value of our products based on a number of metrics as well as customer and broker insight.

In carrying out this assessment, we take in to consideration the standard remuneration in our Terms of Business Agreement with you. In addition, we will consider the add-ons that form part of our product.

If you sell additional add-ons (including premium finance) alongside our product or take additional remuneration, you may affect the value for your client and will need to take this in to consideration in your value assessment.

More detail on our product approval process can be obtained on request.

Has this product received a Fair Value Assessment?

This Target Market Statement refers to the product launched on 6th August 2022. Through the development of this product, all changes have been assessed to ensure they continue to provide fair value.

In line with our Product Oversight and Governance Policy, we will carry out a fair value assessment of this refreshed product within the next 12 months, which will take in to account a wide variety of metrics – both quantitative and qualitative. These include (but are not limited to) product metrics (e.g. GWP, policy count, new business, lapses, retention rates, loss ratio, tenure etc.), analysis of add-ons, pricing, premium finance, service levels, distribution (e.g. commission, fees and charges, selling to the target market etc.), claims (e.g. reputations, ex-gratia payments etc.) customer and broker feedback, competitor insight, review of technical and marketing literature and materials.
