

Arts and Culture insurance

Doing more for arts and culture

We have over 130 years experience protecting some of the nation's most culturally significant locations and organisations. From classic and listed buildings to the ultra-modern, historical societies to galleries, these organisations are a platform for the enjoyment of art, social activities, beliefs, values and traditions.

Doing more with our heritage partners

Our collaboration with key organisations such as The Heritage Alliance enables us to gain valuable insight into the challenges facing the heritage sector.

Doing more to protect

We understand the uniqueness of your building, the activities within it, and its impact on the surrounding area. Our highly skilled survey team provides accurate valuations,

ensuring it can be repaired to the same standards, retaining its identity, should it become damaged. All as part of the service.

Doing more to manage risk

Our in-house risk team can assess all types of risk, from small local establishments to national organisations. Our bespoke reports share insight on the best way to manage risks, ultimately helping you to prevent loss and preserve your reputation.
