# What you need to do

## Your obligations

- ▶ You have a duty to present us with a fair presentation of the risks to be insured and must accurately disclose every material fact or circumstance which you know or ought to know about such risks.
- ▶ You must tell us as soon as reasonably possible if any of the details you have told us change.
- ▶ You must take reasonable steps to prevent or reduce loss or damage and maintain the property in a good state of repair.
- ▶ You must tell us as soon as you become aware of any event which may result in a claim.

## Your cover

Please note this summary relates to our standard policy cover.

Please contact us or your broker if you have any specific needs or requirements, for example if the limits are insufficient to meet your needs.

# Section 1 – Property damage

Provides 'All risks' cover for buildings and/or contents with the option to insure for subsidence, stock and personal belongings. 'All risks' means damage to insured items by any cause not specifically excluded from this section.

Buildings and contents will be covered up to the sums insured provided by you.

**Sums insured must be set at the appropriate values to avoid underinsurance.**

The sum insured is the amount for which you insure your buildings, items of contents and stock.

- ▶ Buildings: the sum insured should reflect the cost to rebuild including any demolition costs, professional fees, removal of debris and, where applicable, VAT. Note the market value of a property does not reflect the cost of rebuilding the property and should not be used as a guide.
- ▶ Contents: where repairs cannot be carried out, it should reflect the cost for replacement as new.
- ▶ Stock: the sum insured should be the cost to replace less an allowance for wear and tear if appropriate.

Underinsurance occurs when a sum insured is less than the actual costs of rebuilding buildings or replacing items of contents and stock.

If the sum insured for buildings, contents or stock is underinsured at the time of loss, any payments by us in respect of that claim will be reduced by the proportion of the underinsurance. This is calculated by dividing the sum insured by the actual cost. The amount of the claim is multiplied by the result. Please see the illustrative example below:

$$\frac{£100,000 \text{ (policy sum insured)}}{£200,000 \text{ (actual value at risk)}} \times £50,000 \text{ (claim amount)} = £25,000 \text{ (claim payment)}$$

## Section 4 – Business interruption

Provides insurance cover to protect your business income following a property damage loss.

| Cover (one of the following)            | Standard cover/Limit   |
|-----------------------------------------|------------------------|
| Gross profit                            | You select sum insured |
| Revenue                                 | You select sum insured |
| Rent receivable                         | You select sum insured |

| Additional increase in cost of working  | You select sum insured |
| <b>Alternative cover</b>                |                        |
| Additional cost of working              | You select sum insured |

### Sums insured must be set at the appropriate values to avoid underinsurance.

Sums insured are the amounts of insured gross profit, revenue and rent receivable provided by you. They should be an accurate reflection of the indemnity periods selected.

Underinsurance occurs when a sum insured is less than the actual amounts of insured gross profit, revenue and rent receivable.

If the sums insured for insured gross profit, revenue and/or rent receivable are underinsured at the time of loss, any payments by us in respect of that claim will be reduced by the proportion of the underinsurance. This is calculated by dividing the sum insured by the actual amount. The amount of the claim is multiplied by the result. Please see the illustrative example below:

$$\frac{\text{£500,000 (policy sum insured)}}{\text{£1,000,000 (appropriate amount)}} \times \text{£250,000 (claim amount)} = \text{£125,000 (claim payment)}$$

This will not apply where the sums insured have been set on an estimated basis and instead, any amounts payable will not exceed 133⅓% of the estimated figure.

**Please refer to your policy document for details of how the following limits apply, e.g. in total for the period of insurance or any one claim. Any sub-limits will also be detailed there.**
